

Donation Guide

Help keep Cannizaro beautiful!

Cannizaro Park is owned by the London Borough of Merton and used to have many full time gardeners. Cuts to local government funding mean there is now only one full time gardener, and funds for new planting are extremely limited. This is a key area where The Friends of Cannizaro Park and the wider community can help.

Make a Donation

Cannizaro Park thrives on many donations from those who love the park. Whether small or large, regular or one off, any donation is gratefully received. Donations can also be given to general improvements or for a specific park project. For more information, please see the "How to Donate" section below, or contact the Friends at secretary@cannizaropark.com.

Donate a Tree

Previous owners of Cannizaro House brought unusual trees and plants from all over the world, with several being of note. After Kew Gardens and Syon Park, Cannizaro has the third highest number of county champion trees in Greater London. We are delighted to receive donations which extend the richness of Cannizaro's planting. To maintain the integrity of the park's environment, The Friends of Cannizaro Park in association with London Borough of Merton have agreed a list of trees selected for their character or their habit, along with size, rarity and suitability for position and soil type. The list is available through the contact details below.

Donate a Bench

There are a very limited number of spaces available each year for benches within Cannizaro Park. Please contact the Secretary if you are interested in this option.

Leave a Legacy for a Park Project

We welcome legacies to support work within Cannizaro Park. The Friends has a multi-year programme of projects to restore areas of the park, and is happy to share these areas in outline, or to discuss other ideas for supporting the park.

Commemoration

We are glad to support donations which commemorate a person or occasion. However, we seek to balance this with ensuring that Cannizaro retains its character as a public park and not a memorial garden, through both the number and style of commemorations.

For tree, bench or major project donations, the donor has the option to have a small commemorative plaque of a set size and type. Details can be supplied on request.

Again, to avoid the feel of a memorial garden, only plaques provided through The Friends of Cannizaro Park are permitted in the park. Any unauthorised plaques will be removed.

How to Donate & Further Information

Payment is preferably through the Donations page at www.cannizaropark.com.

To discuss a donation, please contact secretary@cannizaropark.com or write to: The Friends of Cannizaro Park, c/o Willow House, 35 High St, Wimbledon Village, London SW19 5BY.
